

PIPE GRAB HAND TOOL: Safety Matters

HEAD DESIGN

- Light and rigid 7075 aluminum plates
- All touch points are plastic to prevent damaging metal to metal contact

CLUTCH LOCK MECHANISM

- Clutch lock design allows for infinite adjustability to close around 2"-10" tubular objects (depending on model)
- Trigger allows for easy release of tubular

Closed

Open

SHAFT

- Light weight and strong aluminum bar provides rigidity and prevents bending

MOVEABLE SIDE HANDLE

- 1.25" diameter knurled aluminum side handle provides great grip and enhanced tool control
- Side handle can be moved to 4 different positions depending on application and user comfort

PART NUMBER	TUBULAR SIZE RANGE	PART WEIGHT	PART DIMENSION
GRABIT0206	2" to 6" Diameter Range		
GRABIT0210	2" to 10" Diameter Range	6.2 lbs	48" x 12" x 3" (closed) / 59" x 12" x 3" (open)
